My dear Stan

If there is ever need
I will go to St Romans & do
my best; though I know I shall
never do as well as you, yet I
expect I should do as well as
anyone else you would get.
If however you found someone

whom you would prefer to
put in charge - you would let
me know wouldn't you.

I hope more than I can say that
I shall never have to redeem this
promise, but if I do I will do
all that I could ever do to
keep the school as you would
have it.

Yours

Dick
